DON'T BE FOOLED!

A CALL FOR MANDATORY EGG LABELLING

Vancouver Humane Society

To the Minister of Industry

We, the undersigned, ask for the introduction of mandatory labelling of all eggs sold in Canada to ensure consumers opposed to eggs from caged hens are no longer confused or misled by terms such as "farm fresh," "vegetarian," "Omega-3," "natural," etc.

We ask for eggs from caged hens to be labelled as "eggs from caged hens." This is consistent with European Union legislation.
